

Farmers' Service Center

A Reliable Support for Farmers and Tribals

Through the Farmers' Service Center project, we are actively providing support to meet the basic needs of tribal students living in the forest areas of the Western Ghats in Coimbatore district, and to improve the lives of the farming community.

Activities

Providing high-quality torch lights to farmers to help monitor animal intrusions in agricultural lands.

To facilitate agricultural work, providing essential agricultural tools and improving productivity.

Distributing tarpaulins to protect grains and agricultural products during rainy seasons,

Providing education and livelihood support to tribal students

How to Participate?

Farmers or tribals who wish to receive support from our Farmers' Service Center can contact us directly. Necessary assistance and items will be provided to eligible individuals.
